

Sweetling

Strawbs

I've got something richer than money
I've got something sweeter than honey
I've got someone funnier than funny
Sweetling I've got you
Sweetling I've got you.

I hear music better than Bach was
I see light shine into my darkness
I feel your touch electric sparkle
Sweetling I've got you
Sweetling I've got you.

I love you Sweetling
I'd give you anything
You're so delighting
Sweetling.

I've got something richer than money
I've got something sweeter than honey
I've got someone funnier than funny
Sweetling I've got you
Sweetling I've got you.

I love you Sweetling
I'd give you anything
You're so delighting
Sweetling.

I hear music better than Bach was
I see light shine into my darkness
I feel your touch electric sparkle
Sweetling I've got you
Sweetling I've got you.
