

Out in the Real World

Stream of Passion

I've hidden wishes for so long
Buried deep inside
Keeping them secret from world
That'll never realize
The way I dream
Puedo ver esos ríos de luz
Escapar de mi piel
Hacia la fantasía
Out in the real world
You are waiting to take my hand
I'll be looking for answer
That leads me back
I lack the will to face my feats
I'm running from it all
And all the painfull memories
They haunt me once again
I'm giving up
Our in the real world
You are waiting to hear my call
Through a river of illusions
You saw me fall
Out in the real world
You are waiting to take my hand
I'll be looking for answer
That leads me back outside, back in your arms
No matter how hard it may seem
We should never hide
The little things that make us real
Show them who we truly are
We will in time
Puedo ver esos ríos de lus
Escapar de mi piel, hacia la fantasía
Hoy en mi tanto temor
Tanto mal que ocultar
(I can see rivers of light
flowing from my skin and toward fantasy
ther's so much fear within me
so many faults to hide)
