

## Wherever You Are

### Stream of Passion

I believe that this game is far from over  
Your eyes, everchanging  
Shred my beliefs  
Elusive as air, your million faces  
Share a smile, shed a tear  
Then you're hiding again  
Wherever you are, I'll find you  
And leave my life behind  
Wherever you are, I'll find you  
I'm leaving now  
Every moment of faith  
Flows unattended  
Pressing thoughts so misleading  
Into my head  
Come out of the dark  
Don't keep me waiting  
for the pain is too deep  
Hear me! Come out! Free me!
