```
[Verse]
It's not the first time
That I've watched you
Passing by
I've tried too hard
To get back there
But, you never try
Anymore
Tried to get in with you
For a second time
You said the world closed down
But, you caught it
Get back inside
[Chorus]
So please
Run away
So please
Run away
[Verse]
I tried to believe in it
For a second try
It's there in the safe
Why don't you
Close the blinds
For the night?
[Chorus]
So please
Run away
So please
Run away
[Instrumental]
So please
Run away
So please
Run away
Run away
So please
Run away
```

Runaway
