

# Selfless

The Strokes

Can the dark side light my way out? Yeah  
Lay your hand across my face, yeah  
Time we lost, that's all my fault

Please don't be long  
'Cause I want your love  
I don't have love  
Without your arm  
Life is too short  
But I will live for you

How did this fit in your story? Yeah  
Why'd you let them judge your body? Yeah  
I'll be waiting there outside, yeah

Please don't be long  
'Cause I want your arms  
I don't have fun  
Without your love  
Life is too short  
But I will live for you  
You're back in love  
But I will live for you my selfless love

I bite my tongue, I wait my turn  
I waited for a century  
Waste my breath, no lessons learned  
I turn and face the enemy

I'm not scared, just don't care  
I'm not listening, you hear?  
He's never there, I don't care  
I can't tell you what and where  
Yeah, yeah
