## [Verse 1]

They found our city under the water Gotta get my hands on something new You don't want to be without this Something isn't adding up

[Hook]
Decide my past
Define my life
Don't ask questions
Cause I don't know why

#### Someone

Didn't wanna know their name
Drifting
You don't wanna know what's going down
Even though I really like your place
Somehow we don't have to know each other's name

They found our city under the water I began to listen to your eyes You don't want to live without it Even others, they'd abide

# [Hook]

## Someone

Didn't wanna know their name
Drifting
You don't wanna know what's going down
Even though I really like your place
Somehow we don't have to know each other's name

### Someone

I didn't wanna know their name
Drifting
You don't wanna know what's going down
Even though I really like your place
Somehow we don't have to know each other's name

Decide my past
Define my life
Don't ask questions
Cause I don't know why
I don't listen
And I don't speak
Well, it's a talent
I don't know why
