

# Fire Whispers

**Stutterfly**

It's not who you are  
It's not what you ask for  
You're better than this  
It'll be different

Fire burns inside  
Fire and tears collide  
Fire whispers  
Fire

I am feeling so alone  
Heart-strings pulled on broken bone  
I am feeling so afraid  
Bruised and bloody  
Love betrayed

Nothing has changed  
Wounds just grow deeper  
With swollen eyes  
Gather strength and leave

Fire burns inside  
Fire and tears collide  
Fire Whispers  
Fire

I am feeling so alone  
Heart-strings pulled on broken bone  
I am feeling so afraid  
Bruised and bloody  
Love betrayed

It's not who you are  
It's not who you are  
It's not who you are

I am feeling  
I am feeling so alone  
Heart-strings pulled on broken bone  
I am feeling so afraid  
Bruised and bloody  
Love betrayed

I am feeling so alone  
Heart-strings pulled on broken bone  
I am feeling so afraid  
Bruised and bloody  
Love betrayed
