You know it's comin' together  
In the crib playin' Run DMC, Tougher Than Leather  
In the slums if you f\*ck wit' a G, tuck the Baretta  
Tell your girl and mom, "Hold my dick, suck it together"  
Real nigga, you know it, f\*ck it, whatever  
Holdin' the metal, I'ma be ghetto forever  
Got the gun and the clip, blunt and some licks  
Me and my bitch in the crib and we cummin' together  
Me and the plug made a plan, now we runnin' together  
You don't like 'em? I don't like 'em, we could gun 'em together  
Then pray for our soul and get blunted together  
But when it come to money, I'ma probably want it forever  
What?

The depth of the jewels I kick, call it a treasure  
Fight The Dark Knight, not Hardy or Ledger  
Born a criminal, not hardly a beggar  
I beg for drama, you'll beg for mercy  
Eyes lookin' grimey or hungry and thirsty  
God gave me a gift knowin' the Devil cursed me  
Waitin' up for Karma, knowin' she wanna merc me
