

For The Night

Sublime with Rome

I saw you wake up in the morning
It's that look inside your eyes
I can hear the bedroom calling
Baby it ain't far, we can get a room tonight
We don't care about no nonsense
There's so much goin' on in life
While everybody's busy watching other people's lives
And we're just tryin' to get ours right

So come over by the fire
Just to keep this lit
All this livin' got us tired
But it's no regrets
You put your lovin' on me
I shoot it back, ricochet
Girl, come over by the fire
So we can keep this lit

Cause I'll fire guns for ya
Rob liquor stores for ya
Yeah, there's nothing, nothing I wouldn't do
Yeah, I'll go to war for ya
Straight up go poor for ya
Yeah, there's nothing, nothing I wouldn't do
Just to come back to ya
Just to come back to ya
For the night

I got time for your emotions
I don't wanna see you cry
I got plenty conversation
My time isn't wasted
Watching you feel good tonight
It's your song up on the station
And we don't even know no words
I wanna hear you roll your R's
Singing Spanish in the car
Dime algo hermosa tonight

So come over by the fire
Just to keep this lit
All this livin' got us tired
But it's no regrets
You put your lovin' on me
I shoot it back, ricochet
Girl, come over by the fire
So we can keep this lit

Cause I'll fire guns for ya
Rob liquor stores for ya
Yeah, there's nothing, nothing I wouldn't do
Yeah, I'll go to war for ya
Straight up go poor for ya
Yeah, there's nothing, nothing I wouldn't do
Just to come back to ya
Just to come back to ya
For the night

Oh, for the night
For the night
Yeah, it's really hard to see the light
When you're, when you're not by my side
For the night
For the night, whoa
It's really hard to see the light
But you, but you know that I

I'm pulling guns for ya
Rob liquor stores for ya
Yeah, there's nothing, there's nothing I wouldn't do
Yeah, I'll go to war for ya
Straight up go poor for ya
Yeah, there's nothing, nothing I wouldn't do
Just to come back to ya
Just to come back to ya
For the night
