

Gasoline

Sublime with Rome

If you want it
All you gotta do is ask me
And if I don't got it
I'll go and steal it from your family, mmm
Cuz girl you flaunt it
Like you were born inside of Tiffany's
But you like them losers baby
So I know you're always staying with me

Monday, Tuesday, all throughout the weekdays
Doing what I can to keep you holdin' on to some faith
I'm doing all that I can ohh
At the drop of a hat
Ohh I'd go shooting for yahh
No turning back
I know everyone has warned yahh
When you mess around fire
You'll get burned no there are no liars
Lord only knows

I'm better with gasoline

You got me thinkin
I need to cool it on the whiskey
And if I don't do it
I'm just expecting you to ditch me
Ohh and talking crazy
I really wanna make a difference

Tell me if you leave me baby
Are you really gonna miss me

Monday, Tuesday, all throughout the weekdays
Doing what I can to keep you holdin' on to some faith
I'm doing all that I can ohh
At the drop of a hat
Ohh I'd go shooting for yahh
No turning back
I know everyone has warned yahh
When you mess around fire
You'll get burned no there are no liars
Lord only knows
I'm better with gasoline
