

## Promise Land Dub

Sublime with Rome

Ooh, ooh, yeah

Searching through the night  
Swimming through the headlights now  
Hit me at the side  
Say you wanna fist fight  
We live in peace but yet they wanna start war  
Till all the police knocking down on your door  
I say ooh yeah  
No it doesn't feel right now

Real life has got you juggling from the start  
Real life ain't always on that bright side  
Real life can always still running  
Keep running while you can  
Keep on running while you can  
Running for the promise land  
Running for the promise land  
Running for the promise land  
Looking for the promise land  
Oh (ooh, ooh, ooh, ooh)  
Ooh, ooh, yeah

Hit me at the side  
Say you wanna fist fight now  
We live in peace but yet they wanna start war  
I wanna know, I wanna know, I wanna know  
I wanna know if you want more  
I said ooh yeah  
I said ooh yeah

Keep on running hey  
Keep on running oh  
Keep on running yeah  
You keep on running, running  
Running for the promise land  
Running, running for the promise land  
Aye
