

## Safe and Sound

### Sublime with Rome

We got it  
Turn the bass up

Take a look around  
Take a look around  
Feeling like I'm safe and sound  
Nobody can say  
Nobody can say  
Oh you gotta leave these grounds  
DJ bring the noise  
DJ  
DJ bring the noise  
Sacking for all the girls and boys  
DJ play the song that gets me going  
Till i don't wanna do it no more

Hey  
Oh  
We gonna bring the 808 to rock the show  
We gonna bring turn up the bass up if you want some more

DJ turn it up  
Infecting all the soundwaves  
You got all this movies  
You got all this groovy  
Feeling like there is no other way  
I don't wanna stop  
I don't wanna stop  
Feeling like i have no cares  
All my friends are away  
My family momma  
I'm never coming down from here

Hey  
Oh  
We gonna bring the 808 to rock the show  
Hey  
Oh  
We gonna bring turn up the bass up if you want some more  
Hey  
Oh  
We gonna bring the fucking 808 you know  
Hey  
Oh  
We gonna bring turn up the bass up if you want some more

Take a look around  
Take-a-take a look around  
Take a look  
We got the 808 spin (we got the sound)  
Yeah we got the beat  
Fuck all the police  
Trying to shut us down  
We're not hesitant to turn it up  
The residents won't give a fuck  
Everybody move till we erupt  
No police will interrupt

No police will interrupt  
No police will interrupt

Oh you want some more?  
Hey  
Oh you want some more?  
Oh  
Oh you want some more?  
God!  
Let's go

We got it  
Turn the bass up
