

# Wherever You Go

Sublime with Rome

I wanna be bad with you girl like we're robbing a bank  
I wanna be mad at the world like it took you away  
Don't wanna be mad at myself for my stupid mistakes  
I wanna go back, I wanna be mad, I wanna go back to the days

Just tell me we can  
Just for the weekend  
Go somewhere far, go somewhere nice, yeah  
No time for thinking  
Gone in a blink, yeah  
Just you and I, we'll move it slow

Wherever you go  
I wanna know  
I wanna walk with you to the shore  
Break down the walls  
Run through the fire  
Promise me now you'll always stay wild  
Wherever you go  
I wanna know  
Don't let me go  
Don't let me wander out your sight

I'm gonna be mad when I show up and there's somebody there  
Inside of my bed sleeping with you, man I'll shoot him right there  
I wanna go back to the days when it was all in my head  
I wanna go back, I wanna get mad, I wanna go back to the lies

Just tell me we can  
Just for the weekend  
Go somewhere far, go somewhere nice, yeah  
No time for thinking  
Gone in a blink, yeah  
Just you and I, we'll move it slow

Wherever you go  
I wanna know  
I wanna walk with you to the shore  
Break down the walls  
Run through the fire  
Promise me now you'll always stay wild  
Wherever you go  
I wanna know  
Don't let me go  
Don't let me wander out your sight  
Yeah

Oooooo  
So let me out your sight  
Oooooo  
Searching for you through the night  
Oooooo  
Don't let me out your sight  
No, no, no

Wherever you go  
I wanna know

Wherever you go  
I wanna know  
Don't let me go  
I wanna know  
Wherever you go  
I wanna know

Wherever you go  
I wanna know  
I wanna walk with you to the shore  
Break down the walls  
Run through the fire  
Promise me now you'll always stay wild  
Wherever you go  
I wanna know  
Don't let me go  
Don't let me wander out your sight  
No, no

(Wherever you go)  
(Wherever you go)  
(I wanna know)  
(Don't let me wander out your sight)  
(Wherever you go)  
(I wanna know)
