

Over Now

Sugarcult

you can't feel it underneath it
you can't breathe in
when you're screaming
you can't feel it
and you can't feel
so close your eyes until you fall asleep, and dream of me
close your eyes until you fall asleep, and dream of me
and tell me it's over now
cause i know its over now
so tell me it's over now
all i wanted was everything
you can feel it underneath it
you can't breathe in
when you're screaming
you can't feel it
you can't feel
so close your eyes until you fall asleep, and dream of me
and close your eyes until you fall asleep, and dream of me
tell me it's over now
cause i know its over now
so tell me it's over now
all i wanted was everything
i got you by surprise, got you by surprise
lost control and you crossed the line
i got you by surprise, got you by surprise
calling up just say your goodbyes
tell me it's over now
cause i know it's over now
and tell me it's over now
and i know it's over now
tell me its over now
you can't feel it
and i know its over now
you can't feel it
tell me it's over now
you can't feel it
and i know it's over now
