

# Stuck In America

Sugarcult

Today, I changed  
It's too late  
Cause everyone stayed the same  
I'm gone, so long  
Break out, cause I'm better off on my own

Today, I changed  
It's too late  
Cause every town feels the same  
I'm different and you're distant  
Add it up and it makes no difference

Everybody's talking about blowing up the neighborhood  
Everybody's gonna break it up today  
Everybody's talking about blowing up the neighborhood  
Runnin just to get away

Stuck in America  
Stuck in America  
I'm lost in America  
Stuck in America

Today, I changed  
New town with the same old face  
One way to shake this place that I can't escape

Everybody's talking about blowing up the neighborhood  
Everybody's gonna watch it burn today  
Everybody's talking about waking up the neighborhood  
I'm still trying to escape

Stuck in America  
Stuck in America  
I'm lost in America  
Stuck in America

Today, today

Everybody's talking about blowing up the neighborhood  
Everybody's gonna break it up today  
Everybody's talking about blowing up the neighborhood  
All I ever wanted was to get away

Stuck in America  
Stuck in America  
Stuck in America  
Stuck in America

Get away, get away, get away, get away  
(all that shit that you put me through)

Today, I changed
