

# Die Motherfucker Die

## Suicide Commando

Lost in a world full of hate  
In a world fed by envy  
Disgusted by the scum of the earth  
Treating you as some dirt  
Rejected by your own flesh and blood  
Feed the pain, feeding my hurt  
Stabbed in the back by your friends  
See the blood on their hands

Die motherf\*cker die  
Piece of sh\*t, f\*cking lowlife  
My vengeance will be pure and so sweet  
Now Im watching you bleed

Die motherf\*cker die  
Piece of sh\*t, f\*cking lowlife  
This one is for my hatred  
And this (one) will make the suffer complete

Lost in a mind full of pain  
Its slowly driving you insane  
Self inflicting torture and pain  
Put the gun to your brain  
Cursed by the devil his blood  
Feel the pain, feeling my hurt  
Stoned and betrayed by your friends  
Wash the guilt from their hands
