

Hellraiser

Suicide Commando

You're condemned
I've put a spell on you
The smell of death
Has got all over your
Like a disease
I'll control your mind
Get on your knees
You won't survive the night
Hellraiser

You're possessed
I'm your living pest
Put you to rest
Tonight you'll be my guest
You're oppressed
Abused on my request
Get ready for
The final inquest
