

Fun Girl

Summer Walker

I remember what you told me
Said I wasn't made right
Said I wasn't cut right
That's why I'm so lonely
Can't turn a ho into a housewife
That I was just only a fun girl
I can still be your day one girl
I don't understand it
Takes me outta the
Categories of marriage

Is it 'cause I know what I want
Just like you
'Cause I make my own money
And my own moves
Love who I want
And fuck who I choose to
Don't take no shit
And won't be used

But I guess that makes me undesirable
Guess that makes you so attractive
Oh, guess that makes me undesirable
Guess that makes you so attractive, oh yeah

Life's unfair
Life's unfair, life's unfair, yeah
Life's unfair, yeah, yeah
Life's so unfair
