

Me

Summer Walker

Usually, I could care less, I could say less
Hit your ass with that one word reply like 'bet'
But you got that effect on me
'Cause you get the best of me, yeah
Bring out the worst, you make a bitch have to go in her purse
Or go in her trunk and pull out the strap
I would never shoot you, baby, maybe just wave it around
All in your face yeah, get all in your face fast

Wasn't my first, but you (yeah)
Wasn't my first, but you
Wasn't my first, but you

Definitely be my last love
My last fuck, that's what I gave my last nigga
I trip on a trip with less (Less)
Last (Last)
Nigga to catch me slippin'

Definitely be my last love
My last fuck, that's what I gave my last nigga
I trip on a trip with less (Less)
Less (Less)
Nigga to catch me slippin'
