

# Keep Tonight

Sunstorm

Caught in a dream we wave tonight  
Leaving our hearts wide open  
Lost in between what's wrong or right  
Promises made now broken

Heaven tonight  
Pounding in your heartbeat  
Fire inside calling your name  
Hunger and lies  
Everytime that we meet  
But after the fall  
I still feel it at all

Keep tonight, don't worry love  
I can hold you close  
Can't get enough  
We can keep tonight  
After it's through  
It all comes down to you

Covered in stolen alibis  
Here is this passion play  
Prisoners of our device  
Fools in this masquerade

Fire and ice  
Dancing in the backseat  
Fever inside, keep it alive  
We can't deny  
The power of a heartbeat  
I don't want to ask if this love will last

Keep tonight, don't worry love  
I can hold you close  
Can't get enough  
We can keep tonight  
After it's through  
It all comes down to you

Keep tonight, don't worry love  
I can hold you close  
Can't get enough  
We can keep tonight  
After it's through  
It all comes down to you

It's like heave tonight  
With you by my side

Keep tonight, don't worry love  
I can hold you close  
Can't get enough  
We can keep tonight  
After it's through  
It all comes down to you

Keep tonight, don't worry love

I can hold you close  
Can't get enough  
We can keep tonight  
After it's through  
It all comes down to you

Keep tonight  
Baby, we can keep tonight  
Keep tonight  
It all comes down to you  
Keep tonight  
Baby, we can keep tonight  
Keep tonight  
It all comes down to you
