

## Martinis on the Roof

Superchunk

You left a cooler at our house one night  
So we're keeping it full of ice  
On your advice  
Blue ribbons and red wine  
You know it's hard to find the right line  
That does justice to the crime  
Now the justice has declined  
To take the stand this time  
Well all the wasted space is mine  
Yeah I hardly have the right to sing about it

Trick night and Halloween  
An April Fool's bad dream  
Cigar smoke over the moon  
And you were leaving way too soon  
Cheeto's and a hundred proof martinis on the roof  
Cheeto's and a hundred proof martinis on the roof  
And you were leaving too soon

You caught every book they threw  
At you and your single malt recruits  
With a Pipe shirt over your suit  
Now the judges they love you too  
And now we're crying in the house  
Watching basketball on the couch  
And we're trying to work it out  
Yeah we're all trying to work it out  
But you would not have us pout  
Or sing about it

Trick night and Halloween  
An April Fool's bad dream  
Cigar smoke over the moon  
And you were leaving way too soon  
Cheeto's and a hundred proof martinis on the roof  
Cheeto's and a hundred proof martinis on the roof  
And you were leaving too soon

Yeah you left too soon
