

Night Creatures

Superchunk

Gonna walk around
Gonna fall down
Follow you around
'Cause it's a silly crowd

Yeah I've a knack for love
And I've hunted man
We all go out
To creep and then

We're night creatures
And it's so nice
We're night creatures
Yeah

Yeah, I've hunted man
I've hunted man
We all go out
To creep and then

We're night creatures
And it's so nice
We're night creatures
Here we go

Night, night, night creatures
Night, night, night creatures
Night, night, night creatures
Night, night, night creatures

We're night creatures
We're night creatures
