Gonna walk around
Gonna fall down
Follow you around
'Cause it's a silly crowd

Yeah I've a knack for love And I've hunted man We all go out To creep and then

We're night creatures And it's so nice We're night creatures Yeah

To creep and then

We're night creatures And it's so nice We're night creatures Here we go

Night, night, night creatures Night, night, night creatures Night, night, night creatures Night, night, night creatures

We're night creatures We're night creatures
