

Train From Kansas City

Superchunk

Baby baby
Please don't worry
I would never ever do anything to hurt you

Baby baby
Please don't worry
I would never ever do anything to you
To make you blue

Yesterday I got a letter
From a boy I loved
Before I ever knew you
Before I even knew you

Now the train from Kansas city
Is coming into town
The train from Kansas city
There's nothing I can do to make it turn around

Baby baby
Please don't worry
Nothing in this world
Can tear us apart
[?]

So lie here
And I will hurry
I'll be back in the time
It takes to break your heart
I've got a brand new car

Now the train from Kansas city
Is coming into town
The train from Kansas city
There's nothing I can do to make it turn around

I never answered his letters
I just couldn't tell him that way
No I never answered his letters
I just didn't know what to say

Now I'm going down to the station
He'll be there at ten after two
Oh yeah
I'll show him the ring on my finger
I don't know what else I can do

Now the train from Kansas city
Is coming into town
The train from Kansas city
There's nothing I can do to make it turn around

Here comes that train
