

# Why Do You Have to Put a Date on Everything

Superchunk

You've got your muscles in one big knot  
Well, mine are just loosening  
You used to cut me up inside  
I won't let you do it again

Make sure the fringe catches the first time  
Make sure the flame catches the first time

Why do you have to put a date on everything?  
Can't you just strike the bell to hear it ring  
Thought that your skin would crack, it's just wrinkling  
Why do you have to put a date on everything?

You think that something is turning?  
Well, it's not spoiled 'cause I tried it once  
And if it's all the same to you at this point  
You keep your place and I'll keep the rest

Why do you have to put a date on everything?  
Can't you just strike the bell to hear it ring  
Thought that your skin would crack, it's just wrinkling  
Why do you have to put a date on everything?

Why do you have to put a date?  
Can't you just strike the bell  
Thought that your skin would crack  
Why do you have to put a date on everything?
