## **Sitting Up Straight**

**Supergrass** 

Sitting up straight on the back of a bus, Mimiking time as evening turns to dusk Look at the boy with his face on the floor So I have a little smoke to pass the time of day Oh yeah, oh yeah...

He's like me, he would do anything to get away I know, can you believe it everyday I know I can't believe in you It means everything and every pound of me

Sitting up straight on the back of a bus, Mimiking time as evening turns to dusk Look at the boy with his face on the floor So I have a little smoke to pass the time of day He's like me, he would do anything to get away Hey hey, hey hey

I know, can you believe it everyday I know I can't believe in you It means everything and every pound of me

Stand up straight On the back of a bus On the back of a bus
