

We're Not Supposed To

Supergrass

'ere mum - got any mandies?)

We're not supposed to make friends with you,
because you look so lonely
so we're going to make friends with you
We're not supposed to
It's up to you, because we know you're stranger
'cos you're no stranger than me or you
Than me or you

But everybody's going away
And everybody wants us to stay
With you
And everybody's coming to say
And everybody wants us to stay
With you
We're not supposed to
make love to you, because we know you're younger
(You're younger than me)
'cos you're no younger than me or you
Than me or you

Than me or you
