

Bet my soul

Support Lesbiens

Yesterday, every monday we got used to playing cards
yesterday, every week the same with the black and the white
one's got wings and one's got a hoof
this one lies and he's got truth
I am O.K. nowhere to run
still on the train until up to the sun

Would you get me little honey for my cards
'cause I bet my soul and I hold on to my holy life
would you get me little honey for my cards
'cause I bet my soul

Everyday everywhere I go, everywhere I am.. cards
everyday, since the day I was born till the day I'll die
when I play, it's 'cause I am scared
and I live 'cause I aint't dead
I am dead when I don't play, so I play play every monday

Would you get me little honey for my cards
'cause I bet my soul and I hold on to my holy life
would you get me little honey for my cards
'cause I bet my soul
would you get me little honey for my cards
'cause I bet my soul and I hold on to my holy life
would you get me little honey for my cards
'cause I bet my soul
