Cruel

Cruel morphine digs a deeper hole in your soul
Cruel morphine digs a deeper hole in your soul
It started out a chemical distraction
Fast turning into a fatal attraction
The more you think about it
The more the dreams are about it
Fly you to a different constellation

Fool, you gonna lose all sense of direction
You'll never find a way
Fool, you gonna lose all sense of direction
You'll never find a way

No way of stopping this chain reaction
Mick Jagger says there's no satisfaction
The more you think about it
The more the dreams are about it
Nobody sees it from your perception

Cruel morphine digs a deeper hole in your soul
Cruel morphine digs a deeper hole in your soul
(in your soul)

Take your time to think of the plan of your actions
Gotta find a way to end this sad interaction
The more you think about it
The more your doubts are about it
No one to tell you what direction

Fool, you gonna lose all sense of direction
You'll never find a way
Fool, you gonna lose all sense of direction
You'll never find a way
Cruel morphine digs a deeper hole in your soul
Cruel morphine digs a deeper hole in your soul
