I was trying to make ya understand, but what I Get
is the people give a shit, care about nothing what
I said

get a gun and a bullet, don' tplay the record yet
,cause I will také no witness, shoot ya right in
your head

I'm giving a chance as you dance to think it
through again

but we don't need no enemy, I watch my back
cut the m.f. stealing of the things we do
or my fist is in your ass and the CD too

You bette now start to think it through, ,cause
what you need you get

I'm givving ya message, would you rather run into
a debt

Get a gun and a bullet, don't play the record yet
'cause

I will take no witness, shoot ya right in
your head

I'm giving a chance as you dance so you may take
it back

'Cause we don't need no enemy I watch my neck
cut the m.f. stealing of the things we do
Or my fist in in your ass and the CD too

Cut the m.f. stealing of the things we do
Or my fist is in your ass and the CD too

So I was trying to make ya uderstand, but as
I knew

You and your homie, you got nothing of what
I mean to do

get a gun and a bullet,
don't play the record now

'cause I will take no witness, shoot ya right
in your mind

I'm giving a chance as you dance, to think it
through again

but you don't seem to appreciate it,
now watch your back

and cut the m.f. stealing of the things we do
or my fist is in your ass and the CD too

Cut the m.f. stealing of the things we do
Or my fist is in your ass and the CD too
