

You can maybe smell the sea air  
see the waves crashing in neon  
you've got to feel it's better than heaven  
you've got to feel it's a sea of seven  
I don't know why but I feel the distance  
you got me but you're better than all this dance  
hey you kinda know that you're funny  
sooner or later you'll just take all my money  
if you could fly to me you'd know  
I feel like a mirror where the reflection don't show  
If you could fly to me you'd know  
I cry a sea of tears when I see you go

that's what you see  
we're lost at sea  
you can only be what you need to be  
I don't know what I feel if it's true who knows  
all I know is when I see you I just need you now

this carousel of life keeps turning  
spend the days racing to be one  
you've got to feel it' brings you closer to heaven  
you've got to feel it comes back to seven  
I don't know why I feel this insistence  
I got me but I'm just one existence  
hey I know it's not all that stunning  
sooner or later you might come back running  
if you could fly to me you'd know  
I feel like a mirror where the reflection don't show  
if you could fly to me you'd know  
I cry a sea of tears when I see you go

that's what you see  
we're lost at sea  
you can only be what you need to be  
I don't know what I feel if it's true who knows  
all I know is when I see you I just need you now  
you gotta feel that
