

## Blues On A Holiday

Susan Tedeschi

In the evening you will find me  
Round this old neighborhood  
Sittin in this bar  
Wonderin where you are  
You know I'd be with you if I could

Honey we should be together  
No matter what you might say  
Come back and see  
Just what you mean to me  
We'll put these blues on a holiday

And everytime we get together  
Something turns out wrong  
Now I found peace of mind  
Just by sitting here all alone  
Honey please come home.

Everybody knows the reason  
And everybody knows the score  
Come back to me  
Honey you will see  
No one could ever love you more

Why wont you surrender  
Consider everything I've got to say  
Why must we fight?  
Lets make love tonight  
We'll put these blues on a holiday  
We'll put these blues on a holiday
