

Evidence

Susan Tedeschi

I've always had so much faith in you
Even when you are out all night long
But the clues keep turning up
Every time you come back home
If that ain't evidence
Guilty written all over your face
Oh yes, Tell ya I got evidence
You're meetin some other woman at someone's place
Yes you are

Lipstick on your collar
The smell of perfume that I never use
Hotel matches in your pocket baby
And strange car keys too
If that ain't evidence
Yeah, I got enough clues to put you away
Yes I have
Oh, I got evidence
You're meetin some other woman at someone's place
Yes you are

I've carefully been over the facts
I know you've been cheating and lying
You can't tell me you've been out with the boys
I sure 'nuff got you this time
I got the evidence
The verdict is guilty all the way
Oh yes
Oh I've got the evidence
You're meetin some other woman at someone's place
Yes you are

I've got the evidence right here
Oh yes, I've got the proof right here in my hands
Oh yes I do
Oh, I want you to hear me right now
Look at me baby
I got the clue, I got the proof I need, right here
Oh, I've got the evidence

I've got the evidence
Lord, baby, Lord, I got it right here, right here in my
hands
Oh yes, right here, right here

Evidence, alright
Guilty written all over your face
Oh yeah
Oh, I've got the evidence
