

In The Morning

Suzi Quatro

In the morning, in the morning
Bye bye baby, bye bye
In the morning, in the morning
Don't forget to straighten your tie

When I woke up you sure looked lovely this morning
In the morning
When I woke up you sure looked lovely this morning
In the morning

Hey boy! Want me to walk to school with ya!
Yeah! Why don't you get lost?

In the morning, in the morning
Don't expect your breakfast in bed
In the morning, in the morning
I'm gonna get me outta my head

When I woke up you sure looked lovely this morning
In the morning
When I woke up you sure looked lovely this morning
In the morning
