Behind the hill There's a busy little still Where your pappy's workin' in the moonlight Your lovin' pa Isn't quite within the law So he's hidin' there behind the hill Bye bye, baby Stop your yawnin' Don't cry, baby Day will be dawnin' And when it does From the mountain where he was He'll be comin' with a jug of moonshine So count your sheep Mama's singin' you to sleep With a moonshine lullaby Dream of pappy Very happy With his jug of mountain rye So count your sheep Mama's singin' you to sleep With a moonshine lullaby Behind the hill There's a busy little still Where your pappy's workin' in the moonlight Your lovin' pa Isn't quite within the law So he's hidin' there behind the hill Bye bye, baby Stop your yawnin' Don't cry, baby Day will be dawnin' And when it does From the mountain where he was He'll be comin' with a jug of moonshine So count your sheep Mama's singin' you to sleep With a moonshine lullaby Dream of pappy Very happy With his jug of mountain rye

So count your sheep

Mama's singin' you to sleep

With a moonshine lullaby.
