

Move It

Suzi Quatro

Come on, pretty baby, let's some move it and groove it
Well, let's shake a baby, shake my honey, please don't lose it
This rhythm that gets into your heart and soul
Let me tell you, baby, it's called rock and roll

They say it's gonna die, but honey, please let's face it
Well, they just don't know what's going to replace it
Well, ballads and calypsos have got nothing on
Real country music that just drives along
Well, had a move it

Umm-mm, come on, pretty baby, let's some move it and groove it
Let's shake a baby, shake my baby, please don't lose it, aah-ha
This rhythm that gets into your heart and soul
Well, let me tell you baby, it's called rock and roll

They say it's gonna die, but honey, please let's face it
They just don't know what's going to replace it
Ballads and calypsos have got nothing on
Real country music that just drives along
Honey, move it

Yeah, had a move it
Had a move it...
