

Take Me In Your Arms

Suzi Quatro

Take me in your arms, hold me for a little while
Hey baby, I know you're leaving me behind
I'm seeing you, darling, for the very last time
Show a little tenderness before you go
Please let me feel your warm embrace once more

Take me in your arms, come rock me, and rock me a little while
Hold me darling, rock me, rock me a little while
We all must feel heartache sometime
Right now, right now, I'm feeling mine

I tried my best to be strong, but I'm not able
I'm like a helpless child left in a cradle
Let me know joy before I sleep
Just once more, darling, before you leave

Take me in your arms, rock me and rock me a little while
Hold me darling, rock me, rock me a little while
I'm losing you and my happiness
My life is over, I must confess

Take me in your arms, come rock me and rock me a little while
Take me in your arms, come rock me and rock me a little while
Take me in your arms, come rock me and rock me a little while
Take me in your arms, come rock me and rock me a little while
Take me in your arms, come rock me and rock me a little while
Take me in your arms, come rock me and rock me a little while
Take me in your arms, come rock me and rock me a little while..
