What Goes Around

Suzi Quatro

Mmm yeah I was walking down the street Shook the dust from my shoes Thinking of a place to be Hey babe we got nothing to lose They say the best things in life are free Well don't you know that what goes around, comes around And what goes around, comes around It goes around and round and round and round Mmm everyone can be cruel some times It's a lonely life Such a lonely life When you take what you need Love is the seed On which we feed Well don't you know that what goes around, comes around And what goes around, comes around It goes around and round and round and round And I'll take you there on a mystical flight And we'll make it there and it'll be alright And you can call me crazy, call me crazy With my laughing, walking, ooh sweet talking Well don't you know that what goes around, comes around And what goes around, comes around It goes around and round and round and round We're gonna know sometime where we're bound And we're gonna go somehow on a silver cloud That goes round and round and round and round You and me babe, yeah we got what it takes We don't live for life nor not for love's sake Lonely nights, lonely nights, lonely, lonely, lo Oh what goes around We're gonna know sometime where we're bound And we're gonna go somehow on a silver cloud That goes round and round and round and round 'Cos what you lose you found Like the lost and found What's yours is mine and we're goin' down We go round and round And it keeps my feet on the ground Well don't you know that what goes around, comes around And what goes around, comes around
