

Clock Tower

Svartby

One, two
Grab your shoes
Grab your club
Clock Tower tolls

Three, four
Open the door
Off to townhall
Need befalls

One, two
Pushing through
Crowds as anxiety grew

Three, four
Mind your toes
Hear what city guards say

Stay or flee - it's up to you
Hide or fight - it's up to you
Squeal or roar - it's up to you
There's no way out

Call to arms, call to arms
Stand for your life
Call to arms, call to arms
You could survive this night

Knock, knock
Townfolk
Herbal giants bash the walls

Tick-tock
Says the clock
Counting minutes until dawn

One, two
Pushing through
Crowds as anxiety grew

Three, four
Mind your toes
Hear what city guards say

Stay or flee - it's up to you
Hide or fight - it's up to you
Squeal or roar - it's up to you
There's no way out

Call to arms, call to arms
Stand for your life
Stand for your city
You could survive this night

Call to arms, call to arms
Stand for your life
Call to arms, call to arms

You could survive this night

One, two
Greenish goo
Floods the streets as people spew

Three, four
Add some gore
Zombies leak through ruined wall

Five, six
Minutes tick
Townspeople fight with sticks

Seven, eight
Guards are dead
And Clock Tower stands silent

Stay or flee - it's up to you
Hide or fight - it's up to you
Squeal or roar - it's up to you
There's no way out
