

## Dancehall Wild

Švihadlo

Dancehall wild,dancehall wild  
Take a walk with me my friend  
Down to the Carribean land  
The sweet sunshine and watrfalls  
Reggae music full up the lawn  
Better music you will never find  
Man!You should see us  
When we start to jam  
Look over there you see Bim and Bam  
Carnival time,me say it 's a carnival time  
The girls are nice  
The girls are fine  
Roadblock when them start to whine  
On them heel and the point of them toes  
Hors man scabby and water pumpy  
Dancehall wild,dancehall wild  
Positive vibes are all over the place  
Dancehall man just a pick up pace  
The mannish water strong,strong and hot  
Nothing no left in the curry goat pot  
No Red Stripe the bar sell out  
And when the sound system clash  
The people start to hallaout  
Dancehall wild,dancehall wild  
Dub it ...  
Dancehall wild, dancehall wild
