

# Dream Away

Swan Lee

Dream away the sun and the rain  
dream away noone will complain  
dream away again and again  
dream away the devil's waiting

don't try and break the news to me  
don't say what's going on  
don't try and tell me what to do  
by then i will be gone

dream away the brightest sky  
dream away I'm ready to fly  
dream away the harder i try  
dream away the tender good-bye

don't try and break the news to me  
don't say what's going on  
don't try and tell me what to do  
by then i will be gone

don't try and break the news to me  
don't say what's going on  
don't try and tell me what to do  
by then i will be gone  
by then i will be gone  
i'll be gone, i'll be gone, i'll be gone,  
i'll be gone  
i'll be gone, i'll be gone, i'll be gone,  
i'll be gone  
i'll be gone, i'll be gone, i'll be gone,  
i'll be gone  
i'll be gone, i'll be gone, i'll be gone,  
i'll be gone.
