

Rock and Roll Disgrace

Sweet

You're a heterosexual dream
A super phallic machine
Well, who do you think you are
Well, you think you're a star
Yeah, a rock'n roll star, you are

Oh, you part your lips that way
Do you care what people say
The chicks know what you are
Well, they think you're a star
Yeah, a rock and roll star, you are

Rock'n roll
You're rock'n roll queen
Don't you know what I mean
Oh, you know
You're a rock'n roll queen
A young man's dream

Given guitar's head
In a silver stream of red
Has it gone too far
Then you know you're a star
Yeah, a real superstar, you are

Rock'n roll
You're rock'n roll queen
Don't you know what I mean
Oh, you know
You're a rock'n roll queen
A young man's dream

Rock'n roll
You're rock'n roll queen
Don't you know what I mean
Oh, you know
You're a rock'n roll queen
A young man's dream

You're a heterosexual dream
A super phallic machine
Who do you think you are
Well, you think you're a star
Yeah, a rock'n roll star, you are
