

## Don't Give the Game Away

Swing Out Sister

Just because you're almost there  
Doesn't mean you're going to make it  
Just because you think it's all yours  
Doesn't mean that you can take it  
Just because you take the blame  
Doesn't mean that your're forgiven  
Even if you call it a day  
Doesn't mean that it's forgotten  
Caught in a game that two can play  
And both can win  
But what's the use in playing a game  
And giving in  
Don't give the game away  
Don't give the game away

Just because you're always there  
Doesn't mean it's always easy  
Just because you think it's unfair  
There won't always be a reason  
What's a life worth looking for  
When we can't get along together  
What's the point in living alone  
When we really need each other  
Caught in a game that two can play  
And both can win  
But what's the use in playing a game  
And giving in  
Don't give the game away  
Don't give the game away
