

Love Won't Let You Down

Swing Out Sister

It may not be enough to make you want to stay
But if we still believe
We'll always find a way to make it through
You're everything I do, you're everywhere I go
But if I never told you how were you to know?
I did it all for you
I did it all for you
Things that meant so much don't matter anymore
But if I'm not with you there's nothing else I'd rather
do
Love won't let you down
Just give it time
I'll still be around

We've given all we've got to get this far
But if we make it last
There's so much more for me and you
All we've got to do is understand
Life may not be the way we planned
But I'll be loving you
It's all that I can do...

I could walk away, pretend I didn't care
But what else would I do when all I'm living for is
you?
Love won't let you down
Just give it time
I'll still be around
It may not be enough to make you want to stay
But if we still believe
We'll always find a way for love
Every single night and every single day
Open up your heart
We've got to make way for love
Things that meant so much don't matter anymore
But the night always leads to where you are...
Love won't let you down
Just give it time
I'll still be around
