My State Of Mind

Swing Out Sister

In my state of mind
I feel the good inside the bad
Feel the full in every ? I've had – Needs translation
You're all that I find
In my state of mind
In my state of mind

It doesn't matter if it's night or day
From now on I'll find
They'll always be a better way

Walkin'
Talkin'
About
Nothin'
Making sense of it

Wakin'
Takin'
Every moment
Every chance you get

In my state of mind
In my state of mind
I feel the good inside the bad
You're all that I find
In my state of mind
In my state of mind

It doesn't matter if it's night or day
From now on I'll find
They'll always be a better way

Walkin'
Talkin'
About
Nothin'
Making sense of it
Wakin'
Takin'
Every moment
Every chance you get

In my state of mind
I feel the good inside the bad
You're all that I find
In my state of mind
In my state of mind
