

Which Wrong Is Right?

Swing Out Sister

People talking out of line
Thoughts run out of time
Don't ask me now
Changes we know we should make
How long does it take
Don't ask me now
Till days come out of time
And there's no light
Tell me when you decide
Which wrong is right (till days come out of time)
(Tell me when you decide)
(Till days come out of time)
(Tell me when you decide)
People never satisfied
How will love survive
What's happening now

Places we don't recognize
Nowhere left to hide
Don't ask me how
Till days come out of time
And there's no light
Tell me when you decide
Which wrong is right (till days come out of time)
(Tell me when you decide)
(Till days come out of time)
(Tell me when you decide)
(Till days come out of time)
(Tell me when you decide)
(Till days come out of time)
(Tell me when you decide)
