

Catch the thief
Bring him home so he won't ever
Break in

Give your hands
To an enemy, smile and ask how
They've been

Initiate, and then you'll imitate
Your sewing machine, it won't slow
you know the rats do swoon
The sweet melodies they follow, follow

Copycat, chameleon
Mosquito bite, mosquito bite

Copycat, chameleon
Mosquito bite, mosquito bite

You think that you were first in line today
An innovator with nothing new to say
You think you are the one who started that,
But you're nothing more than a

Copycat
Copycat

Copycat, a media machine
You play a sorry queen
You get your voice from a star magazine,
You're running late

Initiate, and then you'll imitate
Your sewing machine, it won't slow
you know the rats do swoon
The sweet melodies they follow, follow

Copycat, chameleon
Mosquito bite, mosquito bite

Copycat, chameleon
Mosquito bite, mosquito bite

Mosquito bite, mosquito bite
