

## Waiting Room

Switchblade Symphony

Oh, no  
This is a sleazy place  
Where people go to be disgraced  
Yes, this is a sleazy place  
You don't belong round here

No, you must wait  
No, you must wait

Hey baby, what do ya think  
Can I buy you something to drink  
I don't think that I've seen you  
'Round here before

They'll take away your fantasies  
They'll suck your blood and break your knees

Yes, they'll smile  
Yes, they'll sing  
Yes, they'll do  
Anything

Will you, will you give in  
Will you give in  
Will you, will you give in  
Will you give in  
Will you, will you give in  
Will you give in  
Will you, will you give in  
Will you give in

No, you must wait  
No, you must wait  
No, you must wait  
No, you must wait

Hold tight, there are no clocks inside  
Something's wrong, it feels so strange tonight  
Don't you worry, someday you'll get out

You'll get out  
You'll get out  
You'll get out  
You'll get out
