

Mystery

SWV

I only wanna make you smile
And you only wanna make my know
That you wanna see the way I love
And I only wanna let it show

I was young
And new to the game
Now I move carefully
So won't you please
Be patient with me
For a time

While I gaze into the mysteries of your mind
Who knows what I'll find
I hope that there will be some simple piece of mind
And troubles left behind

You say you wanna love me down
I say we need to start it slow
(Start lets go slow baby)
I do wanna get into you
But there's so much more I need to know

(Are you freeeee, and worthy of me)
Gotta move carefully
So won't you please
Be patient with me
For a time

(Oooohhh) Mystery, stery....
(OOOOOoHHH)
(Ooooooh, ooooh)

Cause I'm the one
(I'm the one)
Who looks out for me babe
Gotta move carefully
So won't you please
Be patient with me
For a tim
