Come and talk to me, get on your grown tip
Make me feel like you really want it
If you want it, then you can get it
Let me put it on you with a song, come on
I'm waitin' to see

I've been leanin' for love, I'm ready for ya
I'm on one so baby don't stop
Get it, get it on, show off, show off
Baby show me how you do that
Show off, show off, baby show me how you do that
If I give you something good, you'd better be good
Baby tell me how you do that
I'm ready for your love
So baby don't stop, get it, get it

Come and talk to me, stop wastin' time
Get me while I'm in this vibe, this vibe
Got me feelin'
